

# Nursing & Allied Health Premium

Supporting nursing & allied health students on their path to academic and professional success

700+ Scholarly Journals

350+ Training Videos

Immersive User Experience

**ProQuest's Nursing & Allied Health Premium** is a new solution designed to support the teaching, learning, and research needs of nursing and allied health students and educators. This new offering combines the **Nursing & Allied Health Database** and **Nursing Education & Video** into a single subscription on the ProQuest platform.

Developed in collaboration with an advisory board of faculty, researchers, and librarians, Nursing & Allied Health Premium delivers a mix of practical and theoretical content in an interface that helps students build the research and clinical skills they'll need for success in their courses and healthcare careers.

# Nursing & Allied Health Premium Includes:

- Peer-reviewed, scholarly journal coverage from hundreds of publishers
- A growing collection of nursing skills videos, reviewed and updated for accuracy by licensed nursing and allied health experts
- Grey literature to support literature reviews – including dissertations, case studies, government and NGO publications – and other non-traditional materials
- CultureGrams World and Province Edition reports from 200 countries to help students better understand their patients

## Scholarly Journals

700 current, peer-reviewed journals covering the latest and most important ideas in nursing and allied health scholarship

## Clinical Skills Videos

Continually updated collection of more than 350 full-length clinical skills videos covering best practice techniques and skills, reviewed and updated by experts

## Multicultural Reports

CultureGrams World and Province Edition cultural reports deliver invaluable cultural resources for the diagnosis and treatment of patients from all over the world

## Grey Literature

Support advanced research with dissertations, case studies, government and NGO-produced materials, and other forms of grey literature not indexed in traditional nursing bibliographic databases

## Why Nursing & Allied Health Premium?

- **A User Experience Designed for Nursing & Allied Health Studies.** Intuitively guides users to the content they need for common healthcare assignments – including peer-reviewed journal articles, clinical skills videos, case studies, and multi-cultural reports.
- **Prepares Students for Success.** Builds research skills that nursing students need today – and that they'll need to advance their careers tomorrow.
- **Meet's Today's Challenges.** An easy-to-use interface means novice researchers can navigate with ease and libraries can spend less time on training and support. Plus, clinical skills videos teach best-practice techniques when clinical time is at a premium.
