

Academic Support and Success Resources

Fall 2025

STUDENT SUCCESS ONE-ON-ONE SESSIONS

By providing support and resources, personalized academic success sessions empower students to develop the necessary skills and strategies to achieve academic excellence throughout the semester, including:

- > Setting realistic and attainable short and long-term goals
- > Creating effective study plans
- > Remaining motivated
- > Identifying personal strengths and areas for growth
- > Providing mentorships and guidance

Through this holistic approach, we focus on elements of wellness to ensure a well-rounded and fulfilling college experience. Students are encouraged and supported to reach their full potential, overcome obstacles, and succeed academically while cultivating personal growth and development.

To set up your first session, contact Dr. Kathryn Onorato at onoratokathryn@clarksoncollege.edu.

SUPPLEMENTAL INSTRUCTION

For some courses that are historically difficult, supplemental instruction sessions are assigned. Leaders of the sessions did well in the course and are committed to students' success. Participants are automatically added to a Canvas shell where schedules and session information are shared. Sessions follow course curriculum to offer review sessions and different ways of learning.

Course

Med Surge I (NRS 233)
Med Surge II (NRS 254)
Critical Care (NRS458)
Fundamentals of Nursing (NRS 125)
Human Physiology (BIO 213)

Supplemental Instructor

Madelynn Horacek
Tamara Yabar
Brooklyn Heinen
Olivia Struble
Trista Swain

Email the SI leader for additional information.

NETTUTOR

This no cost, professional tutoring service can help when peer tutors are unavailable. To connect with a tutor, click on the NetTutor link in Canvas courses. Some tutors are available on demand 24/7 while others will need to be scheduled by appointment.

PEER TUTORING

Peer Tutoring consists of one-on-one or group appointments with a peer who did well in the course and is equipped to help other students succeed. Appointments for both virtual and in-person sessions are arranged by emailing the tutor directly. New tutors are added throughout the semester and the schedule is subject to change. This is a no cost service.

Due to projected construction in the success center, please email the tutor to set up a time to meet. The student and tutor will determine the time and location to meet on the Clarkson College campus, if choosing to meet in person.

Email Dr. Onorato if you do not see a tutor for a subject for which you need assistance.

Tutor	Overview of Courses	In-Person Hours in Success Center /Reserved Study Room	Virtual Hours	Calendly Link (if using) or Email to book a session:
